What is a Master Drainage Plan??

• Basis for our mitigation work that we do
• List of projects, based on several Public Hearings
  • North Fork Little River
  • South Fork Little River
  • 32 Surface drainage projects
• Estimated Cost for the Program
• Preliminary resolution to each issue
  • Budget
  • Cost/Benefit Analysis
How much money was all this going to cost????

$22,500,000
Does Hopkinsville have $22,500,000???

• I’m sure we do somewhere, but I don’t know where.....
What is a Storm Water Utility?

• **Google**
  • The Storm Water Utility is a public utility organized as a separate enterprise in the same fashion as the City's Water Utility, Sewer Utility, or Parking Utility. Assets owned by the utility include storm sewers, greenways, detention basins, and equipment used for managing the storm drainage system.

• Funding source for operation and maintenance of the governing body’s drainage system
How much money does the Hopkinsville Surface and Storm Water Utility have?

Grant Match

- Don’t be scared
- Cash is king
- In-kind is alright too
- Engineering
  - May reimburse front end costs as match
- Acquisitions/Demolition Projects do not require Davis-Bacon wage rates
  - Drainage Projects do......
Grant Match continued....

• How much do we have to match?
  • HMGP – 13%
  • FMA – 25%
  • RFL – 10%
  • SRL – 0%!!!!!
How many projects has Hopkinsville had funded???

• We have been awarded 12 HMGP projects and 2 SRL Projects
  • Why so many????
    • Because we applied

• People are scared to apply

• If you have SRL properties in your community, WHY NOT APPLY?!?!? THERE’S NO MATCH!!! FREE MONEY!!!
Self-funded projects

• We have paid for 8 projects our of stormwater utility rates.
  • Totaling about $4.2M
