

# KAMM Region III 2017 Conference Notes

Region III Regional Rep – Geni Jo Brawner

## Potential Topics

Here are the topics Region III suggested for training days and KAMM next year

- NFIP Renewal- An update on the Reauthorization due out in September. Plus, the update of the state regs. A Legislation session.
- Dam Safety. During one of the sessions at KAMM, it was said that there were 178 high hazard dams, but where???
- Certifications (Engineering or Survey) Elevations, flood proof and no rise. Walk through what is looked at/how to complete.
- THIRA (Threat and Hazard Identification and Risk Assessment, follow up with RTIP
- CHAMPS (Community Hazard Assessment and Mitigation Planning System), walk through the MAF (Mitigation Action Form) Project module.
- Stormwater Certificate 3yrs (Ask Abby Rains w/ KDOW). Explain MS4 and how you become one, a 101 class
- During the spring trainings, have committees meetings during lunch.
- Have University Students (UK, UofL, NKY, WKY, EKY) do a presentation on thesis
- An Emergency Exercise/Tabletop Dam Failure??
- Additional CRS classes - GET IN THE WEEDS. How do you complete the paperwork/documentation?
- Walking tour of the mitigation project
