

KAMM Preconference Day Activities

Monday, September 17, 2018

All Times Central

We have scheduled various free activities for you to do on our preconference day. Two 4-hour workshops are offered in the morning and afternoon as well as a Weather Spotter class and fun activities. Please register for what you plan to attend so that we can plan accordingly. Lunch on your own. Dinner to be provided.

MORNING ACTIVITIES

Substantial Damage Estimator (SDE) 4-Hour Workshop

8:00 am – Noon

Presenter: Mark Vieira, FEMA RIV

This workshop is a must for anyone who provides local damage assessments. The Substantial Damage Estimator (SDE) tool was developed by FEMA to assist State and local officials in determining substantial damage for residential and non-residential structures. The SDE tool can be used to assess flood, wind, wildfire, seismic, and other forms of damage. It helps communities provide timely substantial damage determinations so that reconstruction can begin following a disaster.

NWS SKYWARN Weather Spotter Training

9:30 - 11:30 am

Presenter: Joe Sullivan, NWS

SKYWARN® storm spotters are part of the ranks of citizens who form the nation's first line of defense against severe weather.

Certified Floodplain Manager (CFM) Exam

9:00 am – Noon

Proctor: Abby Rains, CFM

The Association of State Floodplain Managers (ASFPM) has established a national program for professional certification of floodplain managers. The program recognizes continuing education and professional development that enhance the knowledge and performance of local, state, federal and private sector floodplain managers.
