

## TRAINING ANNOUNCEMENT

**COURSE TITLE:** Disaster Management for Electric Power Systems (MGT-345)

**DATE:** April 5-6, 2023

**LOCATION:** Campbell County Fire Training Center  
10 Training Center Drive  
Highland Heights, KY

**TIME:** 8:00 AM - 5:00 PM each day

**COURSE DESCRIPTION:**

The Disaster Management for Electric Power Systems course provides students with information specific to preparing for, protecting against, responding to, recovering from, and mitigating against a threatened or actual natural disaster, an act of terrorism, or other man-made disaster affecting electric power facilities and systems.

During this course, participants will be guided through discussions and exercises that will assist them in: Improving security against physical damage, organizational disruption, and control system vulnerability, Enhancing the electric power system's ability to plan, prevent, detect, respond, and restore their facilities in emergency situations, and Developing an understanding and appreciation for working with the media.

**PARTICIPANT CRITERIA:**

This workshop is intended for an audience of elected and appointed senior officials from local jurisdictions, but may also include executives from other community entities, both public and private, that are likely to be involved in disaster response. These include:

- Utility commission personnel: managers, supervisors & foremen
- Utility disaster coordinators, security personnel & field personnel
- EMA, Fire, law enforcement & EMS staff from the utility and surrounding jurisdictions

**PREREQUISITE:**

Participants are encouraged to take the online courses IS-100.c: Introduction to Incident Command System; IS-200.c: ICS for Single Resources and Initial Action Incidents; and IS-700.b: National Incident Management System (NIMS).

The course can be found at <http://training.fema.gov/IS/crslst.asp>
